What do I buy? How do I determine how many Angels to adopt?

When deciding on how many Angels to adopt, please note that sponsors in the past have spent about $170 on gifts for each child adopted. We encourage sponsors to purchase at least 3 toys and a couple clothing items from the child’s wish list items on their tag. It is imperative that all gifts are NEW.

We have had an issue with sponsors adopting more Angels than they can purchase gifts for and “returning” the Angels to us in last minute. This practice is frowned upon! Due to the specific assigning process that we follow, it is incredibly difficult for staff to reassign an Angel to a new sponsor. We need your support and understanding in this matter.

If you are unsure of how many Angels you or your group can afford to adopt, consider registering for a lower number of Angels. You can request additional Angels by adding to the same Angel Tree Sponsorship Form.

You will also be provided with the Angel Tree gift tags, packaging materials.
